---

## EDUCATION

### Bachelor's Degree - Software Engineering

Anticipated: April 2026

*Brigham Young University - Idaho*

- Full Stack Web Development Emphasis
  - GPA: 4.0
- 

## EXPERIENCE

### Freelance Frontend Developer

July 2025 - Present

*Alpine Trail Co.*

- Developed and optimized the company's e-commerce site using React, TypeScript, Next.js, and deployed on Vercel.
- Translated Figma/UI design concepts into responsive interfaces by implementing reusable component patterns with Tailwind, improving usability and aligning with brand identity.

### Teaching Assistant - Dynamic Web Fundamentals

September 2024 - December 2024

*Brigham Young University - Idaho*

- Provided 1-on-1 coding assistance to over 40 students to support students, reinforcing fundamental skills in HTML, CSS, and JavaScript.
- Graded 100+ assignments and delivered actionable feedback, enhancing students' technical proficiency and understanding of front-end development concepts

### Web Developer Intern

June 2024 - August 2024

*Liberty, LLC*

- Developed and maintained responsive websites using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and optimizing performance across devices
  - Conducted keyword research and implemented SEO best practices, increasing organic search rankings and driving higher user engagement
- 

## PROJECTS

### Full-Stack React Native App

July 2025

*"Kitchen Keeper"*

- Designed and developed a mobile app to track food inventory and prevent waste
- Built front end with React Native and managed global state with hooks and context. Implemented backend with Node.js, Express, and MongoDB, integrated RESTful APIs for data persistence and scalability

### React Web App

July 2025

*"Order Tracker Dashboard"*

- Built a responsive web app with React and Tailwind CSS, implementing modular components, mock authentication, and search/filter functions.
